Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Regarding claim 8 and the drawing objection made in the non-final office action filed 09/27/2006, the drawing objection would be withdrawn if Applicant amended claim 8 to read "visual and/or textual references" to coincide with Applicant's disclosure (pg. 13, lines 21-31) and so the claimed subject matter is shown in the drawings (i.e. Fig. 4). Applicant was further reminded that the reference characters of Fig. 4 do not correspond to what is written in the disclosure, and correction is needed. Additionally, Applicant proposed amended independent claims to recite the limitation of allowing a user to modify the preview version (such as by re-inserting a portion of the page that has been removed by a parsing component or by re-sizing the defining content). Examiner agreed that such an amendment to the claims would overcome Manber, but further consideration would be given to Cudd.
